End Application:

An/tpq-49

Design Type:

Double face

Overall Outside Dimensions:

57.15mm long x 50.8mm wide (wide end) x 14.0mm wide (short end) x 12.7mm high

Vial Quantity:

2

Vial Type:

Bubble

Product Name:

Large t level assembly type t20

Special Features:

Material: aluminium housing, glass vials

Material:

Aluminum

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T370-a
