Adjustability:

Nonadjustable

Design Type:

Double face

Overall Outside Dimensions:

length is 9.000 in (nom)

Vial Quantity:

1 incline level

Vial Arrangement:

Single incline level

Vial Type:

45 degrees and bubble and cross level and incline level

Product Name:

Lighted magnetic shockresistant torpedo level

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T370-a
