Width:

0.375 inches

Inclosure Type:

Case

Design Type:

Tree circ-diameter measuring

Winding Method:

Automatic spring

Material Characteristic:

Not woven

Measuring Capacity:

15 meters

Special Features:

Logger's forestry type; aluminum case; yellow blade; quick release nail

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T299-e
