Body Type:

Solid

Weight:

14.5 ounces

Top Removability:

Removable

Top Adjustability:

Adjustable or nonadjustable

Point Hardness Designation:

Hardened

Point Removability:

Removable

Special Features:

It is used to achieve precise accuracy in all layout work construction and surveying; it is furnished with a strong, braided 8' nylon line that can be conveniently wound around a recess at the top of the bob; hexagonal shaped head prevents rolling; hardened and ground removable point for greater accuracy longer life

Material:

Steel

Style Designator:

Solid cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T299-c
