Width:

4.750 inches

Depth:

4.750 inches

Battery Quantity:

4

Unit Type:

Builder

Leg Type:

Tripod

Laser Classification:

3a

Special Features:

Rotary type; 635nm laser wavelength; up to 200 ft diameter interior range; operates on 4 aa batteries; 13 to 114 degrees f working temperature range

Height:

6.125 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A561e0
