Thread Direction:

Right-hand

Screw Thread Series Designator:

Unf

Design Type:

Double end

Thread Type:

Multiple

Gage Type:

Combination go not go

Thread Design Pitch Diameter:

Between 0.6611 inches and 0.6661 inches

Tapered Threads:

Not included

Thread Major Diameter Truncation Feature:

Included

Truncated Major Diameter:

Between 0.676 inches and 0.688 inches

Truncation Length Designation:

Full

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T303-a
