**End Application:**

F101-ge 102 engine

**Special Features:**

Gage, guillotine; gage c/o a base plate supporting a dovetail locating clamp, an airfoil locating clamp, and 2 vertical racks supporting the guillotine airfoil inspection knives. The blade is clamped at the dovetail w/the airfoil datum point bw.; material, 1010-1030 carbon steel, black oxidized for corrosion protection, guillotine knives and parts of the clamping mechanisms are made of sae 01 tool steel. Dim. 20 in. X 20 in. X 36 in.; weight 450 approx.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T303-b
