Special Features:

Gage, head, electronic; lever type; protected against outside magnetic fields; gaging pressure - 10 grams measured in vertical position w/contact point downward; cable length 7 feet; dovetail mounting; 3.54 in. By 0.59 in. 0.67 in.; spindle pre-travel .002 in.; measuring travel +/- .012 in.; over-travel .002 in.; repeatability +/-s .000004 in.; hysteresis error .00001 in.; reqd to perform precision measurements of test fixtures defined in serd no. 0089; connects to pretec digital comparator and used to measure surfaces

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T303-b
