End Application:

F117-pw-100

Special Features:

Gage, setting standard; used to perform timebase calibration of pwa83316 probe and ultrasonic pulse/receiver instrument for inspection of low pressure compressor (lpc) drive shaft

Supplementary Features:

Serd 2548

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T303-b
