Overall Length:

9.720 inches

Overall Height:

1.770 inches

Overall Width:

3.000 inches

Current Rating:

200.000 milliamperes

Unpackaged Unit Weight:

1.200 pounds

Voltage In Volts And Current Type:

6.0 ac/dc

Special Features:

Capacity: 100 lb; display: 4 digit lcd, 11.5mm high with various indicators including low battery indication and minus sign for tension; overload capacity: 200 percent of fs; power: 4-aa alkaline batteries. Last approx. 20 hrs. In continuous operation or ac adapter for continuous use (6vdc, 200ma); operating temp range: 32 to 113 degree fahrenheit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
