End Application:

Ima-4 ttl outfitting

Gage Type:

Acceptance check

Product Name:

Load button inspection gauge

Special Features:

Width is 2.440 in (nom); material is corrosion resistant steel

Length:

2.750 inches

Thickness:

1.500 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T303-b
