End Application:

Calibration

Adjustability:

Nonadjustable

Design Type:

Single face

Adjustable Characteristics:

True vials

Vial Quantity:

2 level

Vial Type:

Level

Product Name:

Machinist, level block beam

Special Features:

Overall length 6.000 inch x width 1.094 inch

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T370-a
