Fastener Length:

0.500 inches

Head Style:

Hexagon

Head Height:

Between 0.105 inches and 0.120 inches

Width Between Flats:

Between 0.305 inches and 0.312 inches

Internal Drive Style:

W/o internal drive

Features Provided:

Casehardened

Nonmachine Thread Style:

Gimlet point (type a, ab or ba)

Nonmachine Thread Diameter:

0.190 inches

Material:

Steel

Surface Treatment:

Phosphate

Surface Treatment Specification:

Gm 4435-m, code a, fscm 11862 mfr ref single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A003b0
