| Thread Direction:                               |
|---|
| Right-hand                                      |
| Thread Length:                                  |
| Between 17.5 millimeters and 20.0 millimeters   |
| Fastener Length:                                |
| 20.0 millimeters                                |
| Head Style:                                     |
| Hexagon   |
| Head Height:                                    |
| Between 5.10 millimeters and 5.50 millimeters   |
| Width Between Flats:                            |
| Between 12.73 millimeters and 13.00 millimeters |
| Locking Feature:                                |
| Strip threads                                   |
| Thread Diameter:                                |
| 8.0 millimeters                                 |
| Thread Pitch In Millimeters:                    |
| 1.25  |
| External Thread Tolerance Class:                |
| 6g  |
| Material:                                       |
| Steel fastener                                  |
| Surface Treatment:                              |
| Zinc fastener                                   |
| Thread Series Designator:                       |
| Μ   |
| Shelf Life:                                     |
| N/a   |
| Unit Of Measure:                                |
|   |
| Demilitarization:                               |
| No  |
