Thread Length:

0.197 inches

Fastener Length:

1.862 inches

Head Diameter:

Between 0.304 inches and 0.332 inches

Internal Drive Style:

Cross recess type ii

End Application:

Receiver-transmitter radio rt-1523 (c) /u

Thread Diameter:

0.164 inches

Thready Qty Per Inch (tpi):

32

Countersink Angle:

Between 80.0 radians and 82.0 radians

Color:

Black

Material:

Steel comp 410

Material Specification:

Astm a555 conditon a assn standard 1st material response

Surface Treatment:

Oxide

Surface Treatment Specification:

II-c-13924 military specification 10th treatment response

Thread Series Designator:

Unc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A003b0

Mil-std (military Standard):

spec.
