Thread Direction:

Right-hand

Thread Length:

Between 0.396 inches and 0.500 inches

Fastener Length:

0.500 inches

Head Style:

Pan no. 2

Locking Feature:

Patch or pellet or strip

Internal Drive Style:

Slot

Screw Material:

Stainless steel

Locking Feature Material:

Plastic

Screw Material Specification:

Ff-s-92 federal specification single material response

Locking Feature Material Specification:

Mil-f-18240 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A500d0

Mil-std (military Standard):

Mil-f-18240 spec.
