Fastener Length:

0.8125 inches

Head Style:

Pan

Head Diameter:

Between 0.205 inches and 0.219 inches

Head Height:

Between 0.058 inches and 0.068 inches

Internal Drive Style:

Slot

Features Provided:

Casehardened

Nonmachine Thread Style:

Gimlet point (type a, ab or ba)

Nonmachine Thread Diameter:

0.112 inches

Material:

Steel comp 1016 or steel comp 1018 or steel comp 1019 or steel comp 1021 or steel comp 1022 or steel comp 1524

Material Specification:

Aisi assn standard all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A003b0
