**Thread Direction:**

Right-hand

**Thread Length:**

24.0 millimeters

**Fastener Length:**

20.0 millimeters

**End Application:**

5420-01-430-5403

**Min. Tensile Strength (psi):**

176900 pounds per square inch

**Thread Pitch In Millimeters:**

1.0

**Special Features:**

Item is heat treated, exceed grade 8, and has a black finish; head height is 6mm; head width is 10 mm

**Material:**

Steel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A003b0
