Thread Direction:

Right-hand

Thread Length:

28.0 millimeters

Fastener Length:

25.0 millimeters

End Application:

5420-01-430-5403

Min. Tensile Strength (psi):

176900 pounds per square inch

Thread Pitch In Millimeters:

1.25

Special Features:

Heat treated; black finish; head height is 8mm; head width is 13mm; screw size is 8mm

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A003b0
