**Thread Direction:**

Right-hand

**Thread Length:**

28.0 millimeters

**Fastener Length:**

25.0 millimeters

**End Application:**

5420-01-430-5403

**Min. Tensile Strength (psi):**

176900 pounds per square inch

**Thread Pitch In Millimeters:**

1.25

**Special Features:**

Heat treated; black finish; head height is 8mm; head width is 13mm; screw size is 8mm

**Material:**

Steel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A003b0
