**Thread Direction:**

Right-hand

**Thread Length:**

Between 0.235 inches and 0.250 inches

**Fastener Length:**

Between 1.985 inches and 2.015 inches

**Head Style:**

Knurled no. 4

**Head Diameter:**

Between 0.375 inches and 0.390 inches

**Head Height:**

Between 0.428 inches and 0.448 inches

**Internal Drive Style:**

Slot

**End Application:**

Heat blanket

**Thread Diameter:**

0.190 inches

**Thready Qty Per Inch (tpi):**

32

**Product Name:**

Navy special project

**Material:**

Stainless steel

**Material Specification:**

Astm a-581 assn standard single material response

**Surface Treatment:**

Passivate

**Surface Treatment Specification:**

Mil-f-14072c military specification single treatment response

**Thread Series Designator:**

Unf

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A003b0

**Mil-std (military Standard):**

Mil-f-14072c spec.
