Thread Direction:

Right-hand

Thread Length:

Between 0.235 inches and 0.250 inches

Fastener Length:

Between 1.985 inches and 2.015 inches

Head Style:

Knurled no. 4

Head Diameter:

Between 0.375 inches and 0.390 inches

Head Height:

Between 0.428 inches and 0.448 inches

Internal Drive Style:

Slot

End Application:

Heat blanket

Thread Diameter:

0.190 inches

Thready Qty Per Inch (tpi):

32

Product Name:

Navy special project

Material:

Stainless steel

Material Specification:

Astm a-581 assn standard single material response

Surface Treatment:

Passivate

Surface Treatment Specification:

Mil-f-14072c military specification single treatment response

Thread Series Designator:

Unf

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A003b0

Mil-std (military Standard):

Mil-f-14072c spec.
