Thread Length:

25.0 millimeters

End Application:

2320-01-447-6345

Product Name:

Screw, cap, socket head

Special Features:

Material constructed from carbon steel or alloy steel, property class 12.9 in accordance with ISO 898 part 1, finish is chromium/zinc corrosion protective coating in accordance with ASTM F1136, chromium zinc finish applied to base metal, finish top coat color matte black

Color:

Olive drab

Surface Treatment:

Chromate zinc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A003b0
