Thread Class:

2a

Thread Direction:

Right-hand

Thread Length:

1.250 inches

Head Style:

Hexagon

End Application:

5340-01-487-7760; tank, liquid storage

Min. Tensile Strength (psi):

70000 pounds per square inch

Hardness Rating:

70.0 rockwell b

Product Name:

Hex head cap screw - self-sealing 18-8 stainless steel

Special Features:

Silicone rubber o-ring under the head forms a tight seal as the screw is fastened. The o-ring has a temp. Range of -160 deg. F to +500 deg. F and withstands pressures up to 6000 psi. Screw can be reused without degrading the seal. To ensure sealing performance, the hole size dimension (0.332-0.336 in) must be adhered to. 18-8 stainless steel may be mildly magnetic.

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A003b0
