Thread Direction:

Right-hand

Thread Length:

2.000 inches

Fastener Length:

2.000 inches

End Application:

6110-01-532-1835; 100kw power distribution panel

Thread Diameter:

0.250 inches

Thready Qty Per Inch (tpi):

20

Min. Tensile Strength (psi):

70000 pounds per square inch

Hardness Rating:

70.1 rockwell b

Product Name:

0.250-20x2 ss fully threaded hex head cap screw; also know as tap bolt

Material:

Stainless steel

Thread Series Designator:

Unc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A003b0
