Thread Direction:

Right-hand

Thread Length:

50.0 millimeters

Fastener Length:

60.0 millimeters

Head Style:

Hexagon

Head Diameter:

16.0 millimeters

Head Height:

10.0 millimeters

End Application:

2355-20-001-9922, mine protected clearance vehicle mpcv, mk

Thread Diameter:

10.0 millimeters

Thread Pitch In Millimeters:

1.5

Product Name:

Screw hexagon socket head cap

Material:

Stainless steel

Material Specification:

Iso 4762 national std/spec all material responses

Surface Treatment:

Zinc

Surface Treatment Specification:

Din 267 part 9 process group d national std/spec all treatment responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A003b0
