Thread Direction:

Right-hand

Thread Length:

0.250 inches

Fastener Length:

0.875 inches

Head Style:

Hexagon

Point Style:

Flat

End Application:

5895-01-530-6459 terminal, satellite communication

Product Name:

Screw, externally relieved body, hex head

Special Features:

Thread size .190 unf; head height max-min .120-.105 in; with between flats max-min .312-.305 in

Material:

Steel

Surface Treatment:

Passivate

Thread Series Designator:

Unf

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A003b0
