End Application:

Nha: ball valve bracket assembly; wsd: an/wld-1 (v) remote mine hunting system

Thread Diameter:

0.375 inches

Thready Qty Per Inch (tpi):

16

Min. Tensile Strength (psi):

70000 pounds per square inch

Hardness Rating:

55.0 rockwell b

Product Name:

Shoulder screw

Special Features:

Excellent corrosion resistance; contains molybdenum, which increases corrosion resistance to chlorides and sulfates; mildly magnetic; not rated for shear strength

Material:

Steel

Thread Series Designator:

Unc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A003b0
