Fastener Length:

0.500 inches

Head Style:

Flat countersunk

Min. Tensile Strength (psi):

80000 pounds per square inch

Countersink Angle:

100.0 degrees

Special Features:

Matt; stainless steel, length is measured from the top of the head

Material:

Steel

Surface Treatment:

Passivate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A003b0
