Thread Direction:

Right-hand

Thread Length:

Between 34.0 millimeters and 44.0 millimeters

Fastener Length:

8.8 millimeters

Head Style:

Hexagon

End Application:

2355-01-529-2246 mine resistant vehicle, joint eod rapid response vehicle (jerrv) cougar, 6x6

Min. Tensile Strength (psi):

116000 pounds per square inch

Hardness Rating:

21.0 rockwell c

Thread Pitch In Millimeters:

2.0

Product Name:

M14 x 2.0 x 75 hex bolt

Special Features:

Metric thread size: m14; metric thread pitch: 2.0mm; thread fit: class 6h; din specification: din 931

Material:

Steel

Surface Treatment:

Zinc

Thread Series Designator:

Mj

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A003b0
