Thread Direction:

Right-hand

Thread Length:

0.809 inches

Fastener Length:

1.0 inches

Head Style:

Flat countersunk undercut

Head Diameter:

0.597 inches

Head Height:

0.191 inches

Internal Drive Style:

Cross recess type 1

End Application:

5980-01-558-1080; electro-optics maintenance shop set

Thread Diameter:

0.3125 inches

Thready Qty Per Inch (tpi):

18

Countersink Angle:

82.0 degrees

Product Name:

Flat head phil machine screw

Screw Material:

Steel

Screw Surface Treatment:

Zinc

Special Features:

5/16-18 thread size; head diameter .597 inches; rockwell hardness min b60; min tensile strength 60000 psi

Thread Series Designator:

Unc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A500d0
