Min. Tensile Strength (psi):

120000 pounds per square inch

Hardness Rating:

25.0 rockwell c

Product Name:

Cap screws

Special Features:

Standard hex; grade 5; thread size: 5/8"-18; length: 1"; head width: 15/16" head height: 25/64"; thread length: fully threaded; thread fit: class 2a; right handed

Material:

Steel

Surface Treatment:

Zinc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A003b0
