Fastener Length:

0.625 inches

Head Style:

Hexagon

Head Height:

Between 0.105 inches and 0.120 inches

Width Between Flats:

Between 0.384 inches and 0.414 inches

Internal Drive Style:

Hexagon

End Application:

2320-01-565-3428

Width Across Flats:

Between 0.188 inches and 0.194 inches

Nonmachine Thread Style:

Narrow flute (type e)

Nonmachine Thread Diameter:

0.190 inches

Product Name:

Thread rolling screw hex washer head

Special Features:

Case hardness: rockwell c45 min, core rockwell c28-38

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A003b0
