Fastener Length:

0.500 inches

Head Style:

Pan

Internal Drive Style:

Cross recess type 1

End Application:

NSN4-94-001-6190

Nonmachine Thread Style:

Gimlet point (type a, ab or ba)

Nonmachine Thread Diameter:

0.112 inches

Product Name:

Screw, tapping, pan head, type 1 cross recess

Material:

Steel

Material Specification:

Sae j995, gr 5 national specification single material response

Specification Data:

05047-asme b18.24 professional/industrial association specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A003b0
