Thread Direction:

Right-hand

Thread Length:

0.630 inches

Fastener Length:

0.630 inches

Head Style:

Hexagon extended washer

Width Between Flats:

0.500 inches

Extended Washer Diameter:

0.690 inches

End Application:

4210-01-622-0440; truck, fire fighting

Thread Diameter:

0.310 inches

Thready Qty Per Inch (tpi):

18

Product Name:

Scr, wlk, hex

Special Features:

Material: grade 5 steel, per sae j429; finish spec: wsd-m21p10-b3; locking feature: serrated surface

Material:

Steel

Thread Series Designator:

Unc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A003b0
