Thread Direction:

Right-hand

Thread Length:

Between 1.365 inches and 1.385 inches

Fastener Length:

Between 1.365 inches and 1.385 inches

Head Style:

Double hexagon extended washer

Head Height:

Between 0.245 inches and 0.255 inches

Width Between Flats:

Between 0.304 inches and 0.313 inches

Extended Washer Diameter:

0.438 inches

Extended Washer Thickness:

Between 0.060 inches and 0.070 inches

Hole Diameter:

0.046 inches

Thread Diameter:

0.250 inches

Grip Length:

0.625 inches

Hole Quantity:

6

Hole Type:

Drilled

Nonstandard Thread Pitch Diameter:

+0.2213/+0.2238 inches

Thready Qty Per Inch (tpi):

28

Hole Configuration Style:

Double hexagon flats

Material:

Stainless steel

Material Specification:

Ams5735 assn standard single material response

Thread Series Designator:

Unf

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
