**Thread Direction:**

Right-hand

**Thread Length:**

1.375 inches

**End Application:**

Carrier upper stage sass elevator sts hatch cover; hangar deck arrangement-aft

**Thread Diameter:**

0.625 inches

**Thready Qty Per Inch (tpi):**

11

**Product Name:**

Navy special project

**Special Features:**

Hex tap; galvanized

**Material:**

Steel

**Material Specification:**

Mil-b-857 military specification single material response

**Thread Series Designator:**

Unc

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A003b0

**Mil-std (military Standard):**

Mil-b-857 spec.
