Thread Direction:

Right-hand

Thread Length:

1.375 inches

End Application:

Carrier upper stage sass elevator sts hatch cover; hangar deck arrangement-aft

Thread Diameter:

0.625 inches

Thready Qty Per Inch (tpi):

11

Product Name:

Navy special project

Special Features:

Hex tap; galvanized

Material:

Steel

Material Specification:

Mil-b-857 military specification single material response

Thread Series Designator:

Unc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A003b0

Mil-std (military Standard):

Mil-b-857 spec.
