Thread Direction:

Right-hand

Thread Length:

1.900 inches

Fastener Length:

4.875 inches

Head Style:

Double hexagon extended washer

End Application:

F119 engine

Thread Diameter:

0.500 inches

Thready Qty Per Inch (tpi):

20

Min. Tensile Strength (psi):

180000 pounds per square inch

Material:

Stainless steel

Material Specification:

Ms 5726 assn standard single material response

Thread Series Designator:

Unjf

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A003b0
