Internal Wrenching Bolt - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5306-01-506-8355

Thread Length:
44.000 millimeters
Fastener Length:
70.000 millimeters
Head Style:
Hexagon
Width Between Flats:
24.000 millimeters
Internal Drive Style:
Hexagon
End Application:
428d loader/backhoe
Thread Diameter:
16.000 millimeters
Thread Pitch In Millimeters:
2.000
Special Features:
Special Features: Grip length 26mm
Grip length 26mm
Grip length 26mm Thread Series Designator:
Grip length 26mm Thread Series Designator: Unc
Grip length 26mm Thread Series Designator: Unc Shelf Life:
Grip length 26mm Thread Series Designator: Unc Shelf Life: N/a
Grip length 26mm Thread Series Designator: Unc Shelf Life: N/a
Grip length 26mm Thread Series Designator: Unc Shelf Life: N/a Unit Of Measure:
Grip length 26mm Thread Series Designator: Unc Shelf Life: N/a Unit Of Measure: Demilitarization:
Grip length 26mm Thread Series Designator: Unc Shelf Life: N/a Unit Of Measure: Demilitarization: No
