Thread Direction:

Right-hand

Thread Length:

0.630 inches

Fastener Length:

2.130 inches

End Application:

5820-01-491-0215

Thread Diameter:

0.375 inches

Min. Tensile Strength (psi):

70000 pounds per square inch

Special Features:

These 18-8 stainless steel bolts have a head diameter of 3/4"; height of 5/16"; thread is 3/8"-16 class 3a unified coarse thread fit. Hex key size is 1/4". Grip length is 1.500 inches: grip diameter is .500 inches: hardness rating is rockwell b55.

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A003b0
