Thread Direction:

Right-hand

Thread Length:

2.500 inches

Fastener Length:

2.500 inches

Head Style:

Hexagon

Head Height:

Between 0.150 inches and 0.188 inches

Width Between Flats:

Between 0.425 inches and 0.438 inches

End Application:

NSN2-59-001-5517

Material Specification:

Astm a354. Grade bd assn standard national std/spec single material response

Surface Treatment:

Zinc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A003b0
