Overall Length:

1.234 feet

End Application:

738591 (53711) remote multimission vehicle, family of hemtt vehicles(heavy expanded mobility tactical truck, mrap variant maxxpro plus

Hardness Rating:

34.0 rockwell c

Product Name:

(inavy) stator tie rod

Special Features:

Thread diameter is 0.626 inches (); threads per inch is 11; this item is threaded on both ends and goes into a stator and is part of purpulser

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A051a0
