End Application:

F-18 acft

Grip Length:

0.698 inches

Product Name:

Bolt, shoulder-hexagon head

Special Features:

Bolt, shoulder, .1900-32, undrilled, .698; heat treated 125, 000-145, 000psi units; cadmium plate per qq-p-416 type ii, class2

Material:

Stainless steel

Material Specification:

Mil-b-6812 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A003b0

Mil-std (military Standard):

Mil-b-6812 spec.
