**Thread Direction:**

Right-hand

**Head Style:**

Distorted head

**Head Height:**

Between 0.188 inches and 0.198 inches

**Width Between Flats:**

Between 0.551 inches and 0.562 inches

**Locking Feature:**

Self-locking locking feature

**End Application:**

2350-01-509-3953

**Thread Diameter:**

0.312 inches

**Min. Tensile Strength (psi):**

150000 pounds per square inch

**Special Features:**

Ms35764e is inactive

**Material:**

Steel fastener

**Specification Or Standard:**

8 grade

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A003b0
