Thread Length:

0.2500 inches

Head Style:

Hexagon

Head Height:

Between 0.140 inches and 0.172 inches

Width Between Flats:

Between 0.430 inches and 0.439 inches

End Application:

Upper instl-inbd fxd te

Product Name:

Bolt

Special Features:

Material: a286 cres

Color:

Green threads

Material Specification:

A286 cres per ams 5737 assn standard single material response

Surface Treatment:

Cadmium

Surface Treatment Specification:

Ams-qq-p-416, type ii, class 2 and bps-f-69 assn standard single treatment response

Supplementary Features:

service temperature: 450f

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A003b0
