| Thread Class:                                       |
|---|
| 2a nut thread                                       |
| Thread Direction:                                   |
| Right-hand nut thread                               |
| Thread Length:                                      |
| 1.610 inches nut thread and 1.640 inches nut thread |
| Unthreaded End Diameter:                            |
| Between 0.325 inches and 0.335 inches               |
| Unthreaded End Length:                              |
| Between 0.437 inches and 0.457 inches               |
| Length Excluding Fluxed Welding Tip:                |
| Between 2.031 inches and 2.093 inches               |
| Features Provided:                                  |
| Heat shield   |
| Thready Qty Per Inch (tpi):                         |
| 16 nut thread                                       |
| Thread Size:  |
| 0.375 inches nut thread                             |
| Special Features:                                   |
| Flux furnished                                      |
| Material:   |
| Steel   |
| Style Designator:                                   |
| Welding   |
| Thread Series Designator:                           |
| Unc nut thread                                      |
| Specification Or Standard:                          |
| 2 type and 1 class                                  |
| Shelf Life:   |
| N/a   |
| Unit Of Measure:                                    |
|   |
| Demilitarization:                                   |
| No  |
| Fiig:   |
| A051a0  |
