Shouldered Stud - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5307-01-569-3363

Thread Direction:
Right-hand stud thread
Thread Length:
13.0 millimeters stud thread
Shoulder Diameter:
20.0 millimeters
Shoulder Length:
8.5 millimeters
Overall Length:
30.0 millimeters
Nut End Shank Length:
8.5 millimeters
End Application:
2320-01-549-8565, truck, cargo
Thread Size:
8.0 millimeters stud thread
Thread Pitch In Millimeters:
1.25 stud thread
Nut End Shank Diameter:
12.0 millimeters
Product Name:
Stud, seat base
Material:
Steel property class 10.9
Surface Treatment Specification:
1920-71-242-4710
Supplementary Features:
Head has hex socket indention/6.9 mm across corners; $$ 6 mm across flats; sytl is 107b
Thread Series Designator:
M stud thread
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A051a0
