Thread Direction:

Right-hand stud thread

Thread Length:

55.0 millimeters stud thread and 57.0 millimeters stud thread

Overall Length:

Between 55.0 millimeters and 57.0 millimeters

End Application:

6115-01-561-7329 genrator set, diesel engine

Thread Size:

10.0 millimeters stud thread

Thread Pitch In Millimeters:

1.50 stud thread

Thread Tolerance Class:

6g internal stud thread

Product Name:

Stud, m10 x 1.5 x 55

Material:

Steel

Material Specification:

Sae j429 assn standard single material response

Surface Treatment:

Zinc and chromate

Thread Series Designator:

M stud thread

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A051a0
