Product Name:
Navy special project
Material:
Aluminum alloy 6061
Material Specification:
Qq-a-200/8 federal specification single material response
Surface Treatment:
Anodize
Surface Treatment Specification:
Mil-a-8625, type 2, class 1 military specification single treatment response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A022b0
Mil-std (military Standard):
Mil-a-8625 spec.
